

LEGACY XP

SERIES

THE PANEL THAT
REVOLUTIONIZED AN INDUSTRY
JUST GOT BETTER

DESIGNED AND MANUFACTURED BY

THRU-FLOW
PREMIUM DECKING SOLUTIONS

Manufactured using the most advanced technology, the Legacy Xtra Performance (XP) panels are incredibly robust and resilient. Offering aesthetic and peace of mind, the XP panels are the perfect solution for your family deck, dock, walkway, or commercial marina.

Our Legacy XP panel uses integrated medium glass fibers for extra durability against wear-and-tear. With elongated screw holes, installation is easier than ever before.

The unique open-surface design allows 43% of sunlight to pass through to the eco-systems below and protects your application against the uplift of stormy wind and waves.

LEGACY XP
